DETAILED ACTION

Preliminary Amendment

1. The present Office Action is based upon the original patent application filed on 05/13/2005 as modified by the preliminary amendment filed on 05/13/2005. **Claims 21-35** are now pending in the present application.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on 05/13/2005 has been considered by the examiner and made of record in the application file.

Claim Objections

4. **Claim 21** is objected to because of the following informality:

(a) In **claim 21**, replace "form" with --from--.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. **Claims 21-35** are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01.

Regarding **claim 21**, the omitted elements are: "wherein a voltage is decoupled in the symmetrical transformer that is rectified in a rectifier, and wherein the direct current output by the rectifier is fed to a supply unit as charge current".
